CHALLENGING YOUTH

Gökalp watches SAT-7 TÜRK regularly and has shared his testimony with the SAT-7 TÜRK Audience Relations team.

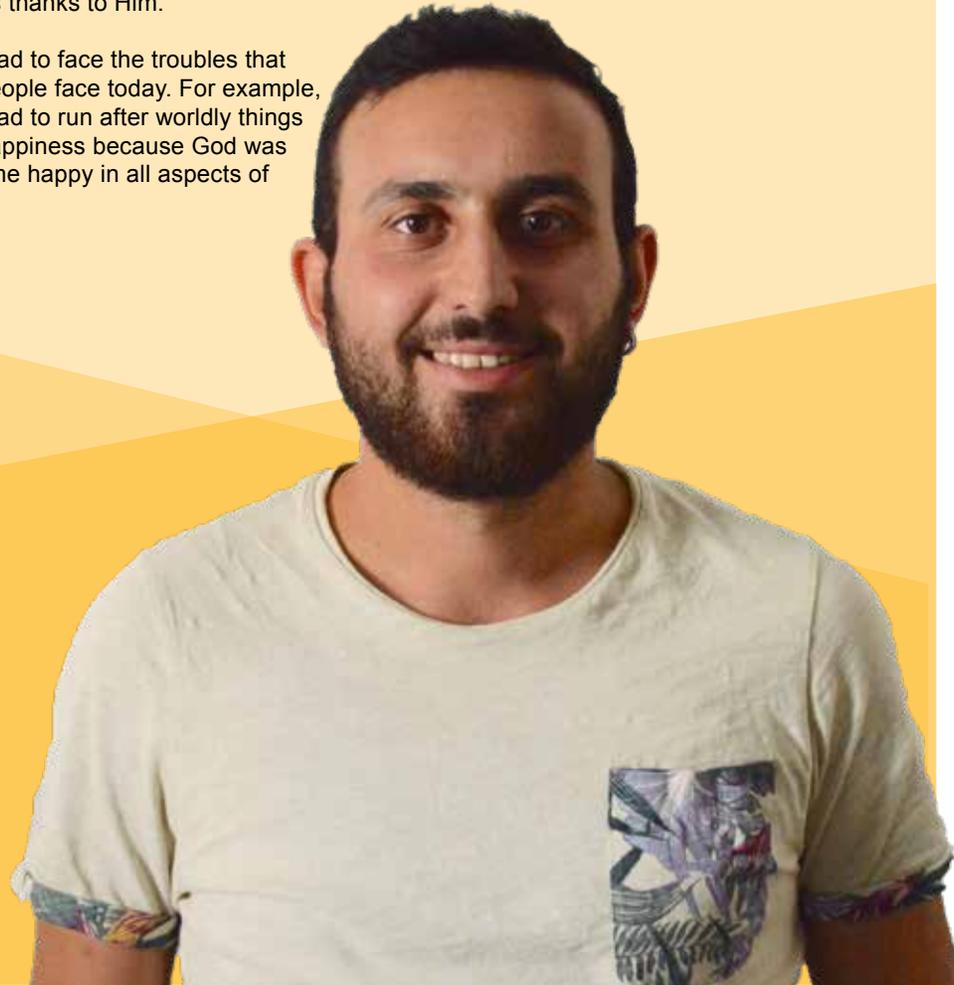

He also has a few words of wisdom for other young viewers: “I wish you a great broadcast, my precious brothers and sisters. May the peace of our Lord always be upon you.

When I was sixteen years old, I started questioning the meaning of life and started searching for God. After two years of torment, and many great miracles which God performed, I got to know and believe in Him. I overcame all troubles and problems thanks to Him.

I never had to face the troubles that young people face today. For example, I never had to run after worldly things to find happiness because God was making me happy in all aspects of my life.

I would like to say to all my young brothers and sisters watching this program right now, that living in the Holy Spirit is not enslaving you by keeping you away from earthly pleasures. Quite the opposite. It is giving you such beauty, such wonder, that your perspective changes. I wish you the peace and the love of our Lord God and a great broadcast.”

Please pray for the youth of the MENA as they face struggles beyond our comprehension. That like Gökalp, they would recognize God’s love for them.
