

June 2023

Thank you for joining the June Beyond Borders Prayer connecting you with on-the-ground SAT-7 staff from the Middle East and North Africa. This month we learned firsthand from Gülsüm İloğlu, the Deputy Executive Director of SAT-7 TURK.

SAT-7 TÜRK is an amazing, unprecedented opportunity for Christians in Türkiye to broadcast God's love to others in their country and many more Turkish-speakers across Europe and Central Asia. It is the first and only Christian channel to be allowed to broadcast on the government-regulated satellite Türksat. There is something for everyone on the SAT-7 TÜRK channel, with programs for children, youth, and women shown regularly alongside live broadcasts and teaching programs that support local Christians.

Suggested Ways to Pray

1. Pray for Gülsüm İloğlu, Deputy Executive Director, in her administrative work and decisions during these challenging times.
2. With such a variety of programs, pray for the SAT-7 TURK productions teams.
3. Pray for the audience relations teams responding to viewers' questions.
4. While the earthquakes in Türkiye were months ago, the nation is still in need. Pray for the SAT-7 TURK's role and programs in helping the Turkish people heal.
5. The present SAT-7 TURK Istanbul production studio is not in an earthquake-secure building! Please pray for a new secure location to relocate the studio.
6. The annual Revival Youth Festival was held recently. This annual Festival plays a vital role and bringing all these young people together from different churches. Pray for the continued spiritual impact of the many youth that attended this festival.

Host Your Own Prayer Time

The SAT-7 USA trusts that what you hear and learn during Beyond Borders Prayer calls will ignite a passion for hosting your own prayer times with your families and friends. Sometime during the next week, please gather a group together to pray for SAT-7. Beyond Border Prayer resources are available at www.sat7usa.org/beyond-borders-prayer.
