

## **August 2023**

Thank you for joining the August Beyond Borders Prayer connecting you with on-the-ground SAT-7 staff from the Middle East and North Africa. This month we learned firsthand from Dr./Professor Moez Mediouni in Tunisia.

The North African productions play an important role in programming on the two SAT-7 Arabic satellite television channels. These new North African productions and audience relations expand the reach and impact of making God's love visible to Arabic speakers across North Africa, MENA, and the Arabic diaspora. There is something for everyone on the SAT-7 Arabic channels, with programs for children, youth, and women shown regularly alongside live broadcasts and teaching programs that support local Christians.

### **Suggested Ways to Pray**

1. Pray for the many Christians in Tunisia who are first-generation Christians. Pray for their growth and discipleship.
2. Pray for the vital work and ministry of the Tunisian media production group "Perpetua."
3. Pray for Moez Mediouni and his role in leadership in the Church and Christian media in his country.
4. More than a year ago, Tunisian Christians helped introduce the National Charter for Peaceful Coexistence. Pray for the continued efforts to lessen persecution while improving the situation for Christians.
5. Pray for Christians and the Church in North Africa that face many daily challenges.

### **Host Your Own Prayer Time**

The SAT-7 USA trusts that what you hear and learn during Beyond Borders Prayer calls will ignite a passion for hosting your own prayer times with your families and friends. Sometime during the next week, please gather a group together to pray for SAT-7. Beyond Border Prayer resources are available at [www.sat7usa.org/beyond-borders-prayer](http://www.sat7usa.org/beyond-borders-prayer).
